INCLISIRAN

in-cliz-ih-ran

What does it do?

Inclisiran is used to lower cholesterol. This reduces your chance of having a stroke, heart attack, and other related problems.

Before you start

- Tell your doctor if you are pregnant, planning to become pregnant, or breastfeeding.

How should you use it?

Inclisiran is given as an injection under the skin on your stomach, thigh, or upper arm by a health professional.

What if you forget a dose?

If you miss an appointment for your injection, contact your health professional as soon as possible.

Can you take other medicines?

Tell your pharmacist or doctor about all medicines or treatments that you may be taking, including vitamins, herbal products or recreational drugs.

What side effects might you notice?

Side Effects	Recommended action
Irritation or pain at injection site Cough	Tell your doctor if troublesome

If you notice any other effects, discuss them with your doctor or pharmacist.
