

## INCLISIRAN

*in-cliz-ih-ran*

### What does it do?

*Inclisiran* is used to lower cholesterol. This reduces your chance of having a stroke, heart attack, and other related problems.

### Before you start

- Tell your doctor if you are pregnant, planning to become pregnant, or breastfeeding.

### How should you use it?

*Inclisiran* is given as an injection under the skin on your stomach, thigh, or upper arm by a health professional.

### What if you forget a dose?

If you miss an appointment for your injection, contact your health professional as soon as possible.

### Can you take other medicines?

Tell your pharmacist or doctor about all medicines or treatments that you may be taking, including vitamins, herbal products or recreational drugs.

### What side effects might you notice?

| Side Effects                                  | Recommended action              |
|-----------------------------------------------|---------------------------------|
| Irritation or pain at injection site<br>Cough | Tell your doctor if troublesome |

If you notice any other effects, discuss them with your doctor or pharmacist.
